

Quiz #3:
Sexual Health

Question #1

Define consent.

Question #2

True or False?

There is a generally accepted safe limit of alcohol or drug use during pregnancy?

Question #3

True or False?

Contraception only protects you from pregnancy, not STIs.

Question #4

True or False?

Alcohol use and/or drug use combined with sexual activity increases the risk of unsafe sex and health harms.

Question #5

Name one tip listed in KBYG to consider before dating, entering a romantic relationship, or having a romantic encounter.
